

Figure 1 consists of two side-by-side bar charts. The left chart is titled 'All respondents' and the right chart is titled 'Respondents who have been personally affected by the economic crisis'. Both charts share the same y-axis, 'Percentage of respondents', ranging from 0 to 100 in increments of 20. The x-axis for both charts represents the level of agreement with the statement: 'The government should do more to help people who are struggling financially'. The categories are: 'Strongly agree' (dark grey bar), 'Somewhat agree' (medium grey bar), 'Somewhat disagree' (light grey bar), and 'Strongly disagree' (white bar). For 'All respondents', the percentages are approximately: Strongly agree (35%), Somewhat agree (45%), Somewhat disagree (15%), and Strongly disagree (5%). For 'Respondents who have been personally affected by the economic crisis', the percentages are approximately: Strongly agree (55%), Somewhat agree (35%), Somewhat disagree (8%), and Strongly disagree (2%).

Level of Agreement	All respondents (%)	Respondents who have been personally affected by the economic crisis (%)
Strongly agree	35	55
Somewhat agree	45	35
Somewhat disagree	15	8
Strongly disagree	5	2
